

## APWA WI 2017 SPRING CONFERENCE – GUEST PROGRAM

This year's guest program will follow the same theme as the conference educational and social activities. With all of the museums, shopping and other points of interest within close proximity to the conference, the program will be "Choose your own Adventure."

### **Registration:**

Guest registration, as part of the conference, can be completed multiple different ways. Guests can choose specific events they would like to attend or choose a full guest registration option. The full guest registration includes all social events and meals Wednesday night through Friday's lunch.

Note: All guest registrants will be contacted before the conference to confirm registration and attendance to events. A list of guest registrants can be requested if a group event/outing is desired.

### **Choose your own Adventure Options:**

Guest can choose from many different options to fill their days while the conference is in session. Below are a few suggestions and websites are below to help guide you on your desired adventure.
