

## DEPUTY CITY ENGINEER CITY OF EAU CLAIRE

The City of Eau Claire is seeking a dedicated and enthusiastic individual to become the technical engineering expert assisting the Engineering Director to lead the Department. This is a challenging and rewarding position that blends engineering skills, project management skills, and supervisory responsibilities. The Deputy City Engineer performs diverse, specialized and complex work including development review and storm water engineering, traffic and transportation engineering, and more.

Candidates are required to have a Bachelor's of Science in Engineering from an A.B.E.T Accredited University and registered as a Professional Engineer in the State of Wisconsin. The ideal candidate will also have excellent engineering knowledge to guide a wide variety of engineering services including traffic engineering, storm water engineering, development review, and other technical engineering duties. 10 or more years of municipal engineering experience as a registered engineer and 2 or more years of supervisory experience is preferred.

Salary range is currently \$92,153 to \$107,344, plus fringe benefits. **Position open until filled with first application review beginning February 4<sup>th</sup>, 2019.** Online application and full job description available at [www.eauclairewi.gov/jobs](http://www.eauclairewi.gov/jobs).

An Equal Opportunity Employer.
