

Limited Term Engineering Aide City of Fond du Lac

The City of Fond du Lac is accepting applications for the position of a Limited Term Engineering Aide. This limited term full-time position reports directly to the City Engineer and will perform work in the field and the office in conjunction with various municipal (civil) engineering projects. It is anticipated that this work will be 40 hours per week for the months of May through August.

Various duties and responsibilities include: assisting with inspection on City construction projects, including underground construction, street maintenance and sidewalk program; along with working with Engineers and Engineering Technicians on reports, computations, and field design adjustments.

Qualifications include: knowledge of the technical methods and practices of civil engineering and surveying; along with the ability to deal courteously and tactfully with the public.

Requirements include: graduation from high school or equivalent; excellent communication skills; technical training and/or relevant experience in Civil Engineering, Land Surveying, or public works construction is desired. Knowledge of land surveying equipment is a plus.

The wage range for this position is \$12.00 to \$14.00 per hour. **Application deadline is Friday, March 23, 2018 at 4:00 p.m.**

If you are interested in this excellent opportunity, please submit a completed application and resume describing your experience as it relates directly to this position. You may obtain application materials by contacting City Human Resources at (920) 322-3624 or visiting www.fdl.wi.gov, Employment.
