

WATER UTILITY ENGINEER

The City of Fond du Lac is seeking a creative, talented, and energetic individual for the position of Water Utility Engineer within the Department of Public Works Water Utility Division. This full-time position reports to the Water Utility General Manager. The applicant must be capable of performing a wide variety of skilled, advanced technical, supervisory, and administrative work in planning, organization and direction of the operation and maintenance staff, recommending goals and budgets and the overall Utility programs within regulatory compliance.

Various duties and responsibilities include:

- Plans, prioritizes, develops, schedules, and manages the water utility operation and construction programs both in the field and in the office across multiple sub-divisions.
 - Includes map and plan drafting, research and design of projects, maintenance of records, plans and data.
- Work closely with the General Manager in the planning and estimating of the utility's future capital improvement projects.

Qualifications include:

- Working knowledge of water distribution systems, equipment operating manuals, blueprint interpretation of diagrams and maps for accuracy, WDNR water reports, water flow charts, maintenance records, and parts catalogs.
- The ability to use AutoCAD, ESRI ArcGIS, Microsoft Suite, and water modeling software is a plus.
- Extensive knowledge of construction practices and procedures; contract administration; ability to assemble engineering plans and specifications; ability to maintain accurate and complete records and the ability to establish and maintain effective working and public relations.

Required Training and Experience:

- Bachelor's degree in Civil Engineering, Environmental Science, or closely related field.
 - Associate's degree with equivalent experience will be considered.
- A valid State of Wisconsin Distribution Operators Certificate or ability to obtain within 12 months of hire.
- Five or more years of construction/project management experience with emphasis on water distribution systems.

The City of Fond du Lac offers a comprehensive benefit package including health, dental & life insurance. Starting salary is \$60,084 - \$69,140 based upon qualifications and experience. Applications are available at the City Human Resources office on the 4th floor of the City-County Government Center, or by calling (920) 322-3624. Apply by submitting an application by 4:00 p.m. on Monday, December 4, 2017.
