

Job Announcement:

ENGINEERING TECHNICIAN IV

(Lead Technician)

Applications will be taken until position is filled.

The Engineering Department is currently looking to fill an Engineering Tech IV position.

- **Qualifications:** Associates Degree in Civil Engineering preferred with 4 years of relevant experience (or an equivalent combination of education/experience). Additional qualifications can be viewed in the job description posted on the City website.
- **Duties:** Performs planning and coordination of construction and design work for municipal improvement projects; reviews development plans for subdivisions and public utilities; and performs technical work in civil and municipal engineering, drafting and field surveys. See Job Description on City website for details.
- **Salary:** Salary range of \$60,099 – \$79,631/year (Starting wage will be between \$60,099 - \$72,795/year depending on qualifications.)

➤ **Apply:** An application can be submitted on-line at www.franklinwi.gov. (Click on the JOBS & APPLICATION link under Quick Links and then on EMPLOYMENT APPLICATION on the 2nd page). A resume is encouraged to be submitted IN ADDITION to the application, NOT in lieu of the application. Resumes may be emailed to dzahn@franklinwi.gov.
