

**CIVIL ENGINEER – SPECIAL PROJECTS
CITY OF GREEN BAY**

Looking for a great place to work in Green Bay? Here is your opportunity! Our Civil Engineers work year-round and are home every night. This position performs work in the planning, design, supervision and inspection of construction related to a wide variety of public works projects. The projects vary from building construction, maintenance, renovations/repairs and demolition.

Requirements: Bachelor's Degree in Civil Engineering; previous related engineering experience and registration with the State of Wisconsin as a PE desirable; valid driver's license and good driving record.

Salary commensurate with experience up to \$68,369 plus an excellent benefit package. No residency requirement. Apply online at www.greenbaywi.gov/jobs; (920) 448-3147.

Applications will be accepted until the position is filled. EOE.
