

**CIVIL ENGINEER – UTILITY DIVISION
CITY OF GREEN BAY**

Looking for a great place to work in Green Bay? Here is your opportunity! Our Civil Engineers work year-round and are home every night. The Utility Division Civil Engineer performs work related to the design of various sanitary and storm water public works projects. The position also reviews private construction site plans and reports relative to storm water management.

The City of Green Bay is a thriving city; it is the third largest city in the State of Wisconsin (population approximately 105,000) and home of the Green Bay Packers. Additionally, the City occupies a stunning waterfront location positioned between Wisconsin's famous Door Peninsula and its equally renowned Northwoods.

Qualifications include a Bachelor's Degree in Civil Engineering, Natural Resources, or a related Engineering discipline; previous related engineering experience and PE desirable; and a valid driver's license and good driving record.

Salary commensurate with experience up to \$70,671, plus an excellent fringe benefit package. No residency requirement. Apply online at www.greenbaywi.gov/jobs; (920) 448-3147. Applications will be accepted until the position is filled. The City of Green Bay is an equal opportunity employer.
