

**STAFF CIVIL MUNICIPAL ENGINEER**  
**VILLAGE OF LITTLE CHUTE, WI**

The Village of Little Chute, Wisconsin has an opening for a Staff Civil Municipal Engineer (salary range \$65,000 - \$87,940 annually). The Village of Little Chute is conveniently located in the heart of the Fox River Valley on the eastern border of the City of Appleton and the Fox River, with a population of approximately 11,000 residents.

This position will report directly to the Village Engineer. A brief overview of the nature of the work includes: design and drafting of public works projects; oversee improvements, extensions, and repairs to the water, sewer, storm sewer, and streets; write contracts; prepare bids for projects; prepare cost estimates; and oversee surveying activities related to design.

A Bachelor's degree from an accredited college or university with major course work in civil or traffic and transportation engineering is required. A candidate with at least 5 years of experience with a valid Certificate of Registration as a Civil Engineer issued by the Wisconsin State Board of Registration for Professional Engineers is preferred. If licensed in another state, candidates will be asked to obtain a Wisconsin registration.

The complete job description can be found by visiting [www.littlechutewi.org](http://www.littlechutewi.org), and clicking on the Employment Opportunities on the bottom of the home page.

Submit applications to [laura@littlechutewi.org](mailto:laura@littlechutewi.org). **Applications and resumes will be accepted until the position is filled; however, the first review of applications will begin on March 30, 2020.** Questions can be directed to the Engineering Department at (920) 423-3865.

The Village of Little Chute is an Equal Opportunity Employer.
